Introducing Strategy Use

Teacher Modeling

1 Predicting *Good readers think about what they have read and make predictions about what might happen next. The first page said that the wind was always changing, so we predicted that the selection would tell us about the kinds of changes wind has.*

Focus Questions How can the wind change?
Why is the wind important to us?

What Happens When Wind Blows?

by Daphne Butler

Wind and Weather

Wind is always changing. It brings rain, dries the wash, and makes your ears cold in the winter. **1**
